0,77-0,85 W/m<sup>2</sup>K

**Materials:**  
Wood/composite/aluminium

**E<sub>ref</sub>:**  
+5,1-17,2 kWh/m<sup>2</sup>

## // MARKET PIONEER

KRONE was the first window manufacturer to offer a wood/aluminium window with a composite rebate.

## // OPTIONAL TYPE OF WOOD

The inside of the window is available in a variety of wood species. Contact us and tell us what you prefer.

## // COMPOSITE REBATE

The use of composites offers several advantages. The material being inorganic, it does not decompose and furthermore, it has excellent insulating properties.

## // ENERGY AND ENVIRONMENT

Available with a triple-glazed low-energy glass, this window meets even the strictest requirements of the building regulations.

## // EASY MAINTENANCE

The outer aluminium part ensures a long life and minimal maintenance.

## // GREAT FLEXIBILITY

The windows are available in very large dimensions, as a combination of fixed frame and elements with openable sashes.

## // CHILD PROTECTION

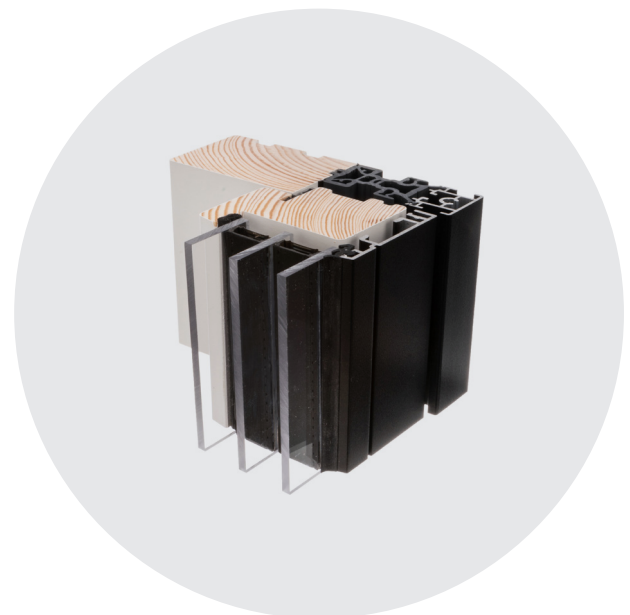

All our windows and doors can be optionally fitted with child-protection.

## // ANTI-THEFT

Like our standard range, our special elements are available with optional additional anti-theft protection to keep uninvited guests out.

## // PROFESSIONAL CALCULATION

We should be happy to make our expertise available to you and help you find the optimal solution in accordance with current legislation.
