0,82 W/m² K

Waterproof:
Up to 2350 Pa

E_{ref}:
+4,4 kWh/m²

// ELEGANT DESIGN

A simple, yet elegant window design which, when seen from the outside, looks similar to an outward opening window.

// FRENCH WINDOW

Create an elegant French window using a simple glass railing.

// TILT FUNCTION

Regardless of the weather, the tilt function ensures ventilation without any risk of water in the window-sills.

// SUN PROTECTION

With this inward opening window, there is no risk of colliding with any exterior sun protection.

// EASY CLEANING

This inward opening window allows for easy cleaning from the inside, while the outside aluminium part is completely maintenance-free.

// NOISE REDUCTION

Excellent noise-reducing properties ensure peace and quiet indoors even if the nearest neighbour is a very busy road.

// CHILD PROTECTION

All our windows and doors can be optionally fitted with child-protection.

// ANTI THEFT

The windows are available with optional additional anti-theft protection to keep uninvited guests out.

// FIRE PROTECTION

The windows are also available as fire windows in accordance with EI30-60. Their elegant design intact, fire windows with fixed frames are similar in appearance to a standard window.
