+5,1 kWh/m²

// MARKET PIONEER

KRONE was the first window manufacturer to offer a wood/aluminium window with a composite rebate.

// OPTIONAL TYPE OF WOOD

The inside of the window is available in a variety of wood species. Contact us and tell us what you prefer.

// COMPOSITE REBATE

The use of composites offers several advantages. The material being inorganic, it does not decompose and furthermore, it has excellent insulating properties.

// ENERGY AND ENVIRONMENT

Available with a triple-glazed low-energy glass, this window meets even the strictest requirements of the building regulations.

// EASY MAINTENANCE

The outer aluminium part ensures a long life and minimal maintenance.

// GREAT FLEXIBILITY

The windows are available in very large dimensions, as a combination of fixed frame and elements with openable sashes.

// CHILD PROTECTION

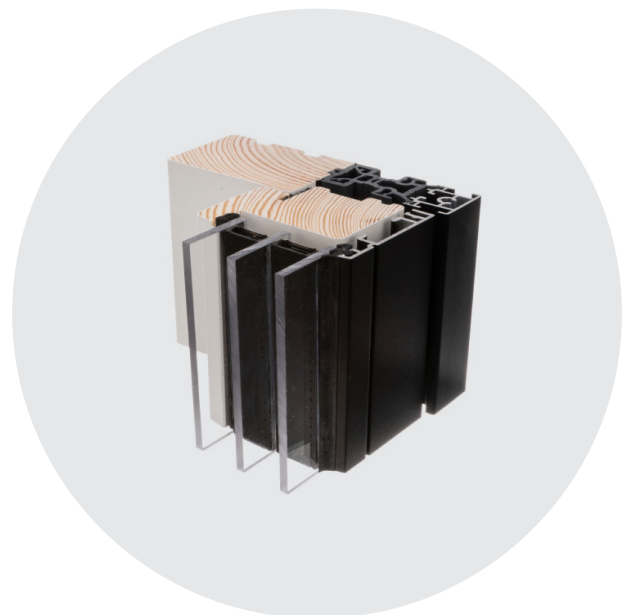

All our windows and doors can be optionally fitted with child-protection.

// ANTI-THEFT

Like our standard range, our special elements are available with optional additional anti-theft protection to keep uninvited guests out.

// PROFESSIONAL CALCULATION

We should be happy to make our expertise available to you and help you find the optimal solution in accordance with current legislation.
