

Special solutions KRONE

Windows for visionary architecture

// EXTRA FRAME DEPTH

Avoid internal embrasures. Use the window frame as a seat, get extra-large elements. A deeper frame offers many advantages.

// GLASS TO GLASS CORNERS

One of our specialty products is our silicone-glued glass-to-glass corners without corner posts. Glass-to-glass corner windows let the light into your home while offering an unobstructed view.

// LARGE SLIDING DOORS

The sliding door is available with one or two moveable panels.

// NATURAL VENTILATION

The demand for proper ventilation increases as our homes become better and better insulated. Our ventilation solution serves as protection against burglary and as a natural change of air.

// CURVED WINDOWS

Make the windows follow the organic shape of the façade.

// NOISE-REDUCING WINDOWS

The perfect solution for optimum noise reduction. Our noise-reducing window come assembled from the factory and ready for installation at the site.

// CHILD PROTECTION

All our windows and doors can be optionally fitted with child-protection.

// ANTI-THEFT

Like our standard range, our special elements are available with optional additional anti-theft protection to keep uninvited guests out.

// CHOICE OF MATERIAL

Our specialty products are available in all types of wood, from pine to Kebony and LWL. Only the sky is the limit!
